DETAILED ACTION

Claims 14-18, 20, 22-24, 26, 28, 71, 73-78, 81, 82, 84, 86, 92, 120, 121, 123 and 126 have been amended. Claims 38-42, 44-54, 57, 58, 64, 65, 70, 80, 96-116 and 119 have been canceled. Claims 7-29, 33-37, 43, 55, 56, 59-63, 67, 71-79, 81-87, 92-95, 117, 118, 120-129 are pending and under consideration.

Text of Title 35 U.S. Code not found in this action can be found in a prior action.

Claims 7-29, 33-37, 43, 55, 56, 59-63, 117, 118, 120-122, 126 and 127 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 22-24, 26, 28 and 126 have been amended to delete the limitation "in a manner where neither cytotoxic entities nor immunological mechanisms are needed for said killing". When given the broadest reasonable interpretation, the claims now read on immunotoxins and radio labeled antibodies. The specification as filed limited the function of the claimed antibodies to those which killed the cell by virtue of binding to the HLA-DR antigen. The specification as filed does not provide support for antibodies which kill cell by means of delivering a toxic agent because the specification describes only antibodies which kill cells by virtue of their binding a specific epitope on HLA-DR. One of skill in the art would conclude that applicant was not in possession of the claimed invention at the time of filing.

All other rejections and objections as set forth in the previous Office action are withdrawn in light of applicants amendments.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1642

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
